Course Structure

Prior to the commencement of the course there is a requirement for a written exercise, which forms the application to proceed.

The course is run over 3 days. Two days of training will be focused on grief and loss of a loved one, and the third day will focus on our dementia grief & loss course. A certificate of completion will be attained after attending the training days, and after facilitation of a program with an established facilitator, an accreditation certificate will be provided.

The course involves experiential and practical learning.
